

# The Appeal Process

**Sometimes when Mum and Dad ask me to do something, I can feel frustrated because:**

1. I was already doing a job for the other one  
**or**
2. I was nearly finished something  
**or**
3. Mum has forgotten she'd already told me something else to do  
**or**
4. I can't  
**or**
5. I don't know how  
**or**
6. I'm not allowed  
**or**
7. perhaps some other reason

**I may use the words "May I appeal" in the following manner:**

1. I must appeal to the person giving the instruction
2. I must have new information (Something that the person instructing me does not know)
3. I may only appeal once
4. I must keep an attitude of respect and be prepared that the answer might still be **no**
